Expense

An official function must include all attendees on the attendee list, including the traveler submitting the expense report.

Expenses for official functions, conferences, hearings, interviews or group meetings while in travel status are allowed for various business purposes.

The business purpose, an agenda and a list of attendees including the place of employment/headquarter city if attendees are university or state college employees must be provided in addition to the required receipts for approval.

• Additional information (e.g.; meeting agenda) can be added to the overall expense report by selecting the **Details** dropdown and selecting *Attach Receipt Images*.

Expenses should be reasonable for the business purpose, specific function and the number of individuals in attendance.

1. Click on Official Func Exp-Agenda/Names from the expense type.
